

Contingent Recruitment & Payroll Services

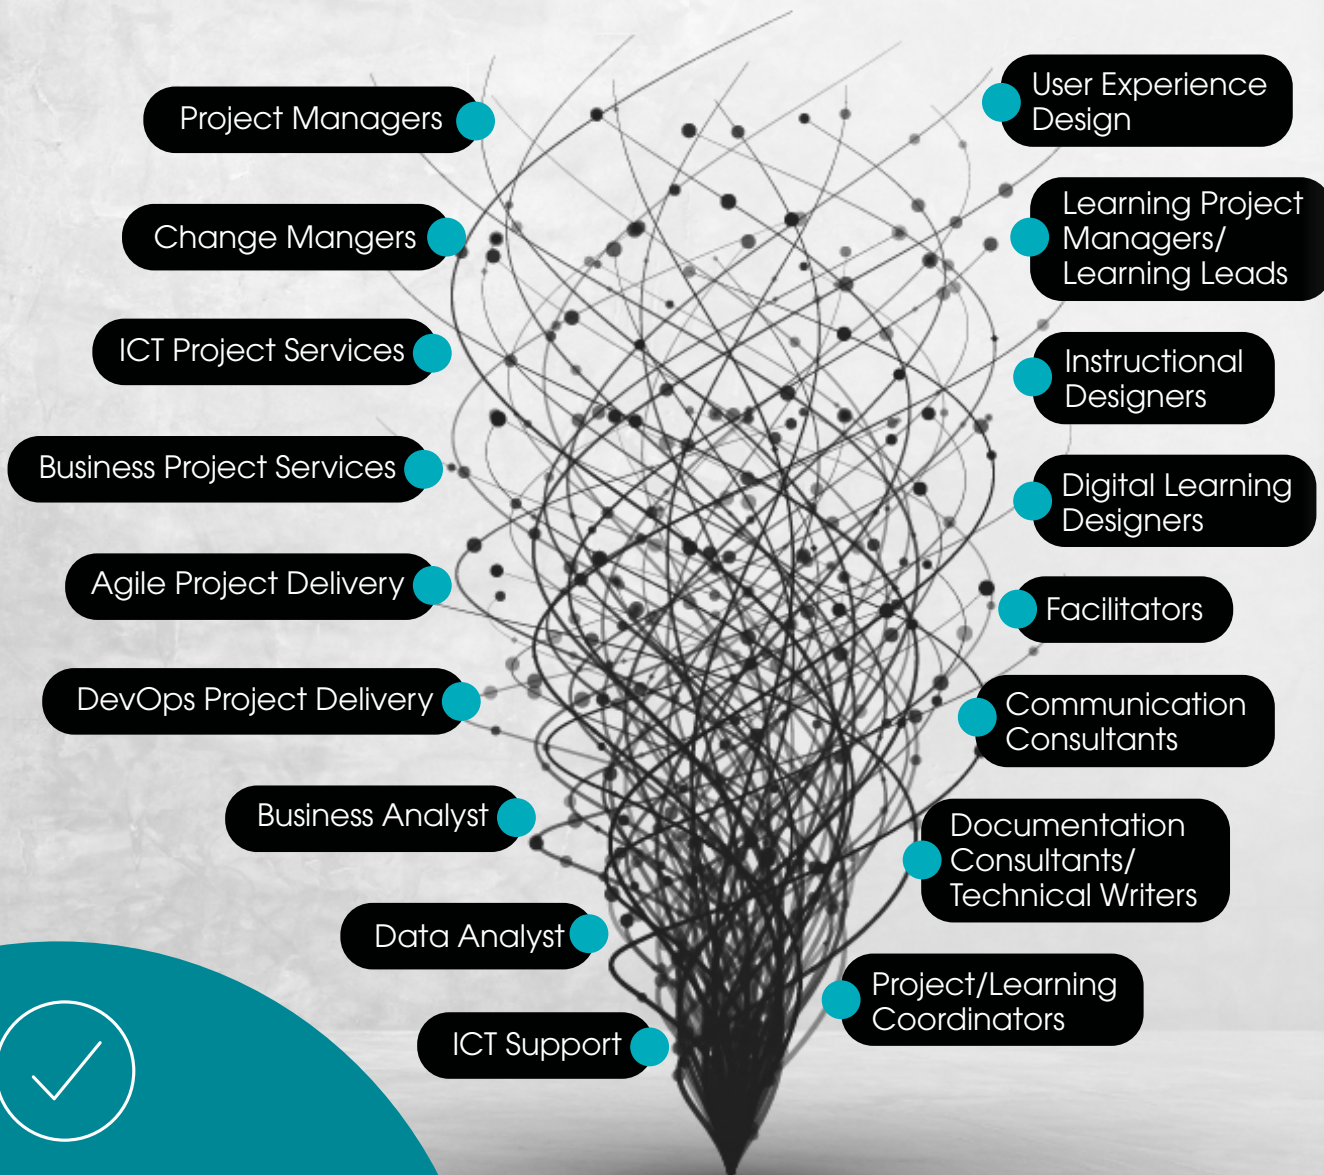

Locally owned and operated, Australia's largest organisations & government departments come to us when they need contingent resources to deliver Change, Transformation & Learning projects.

Be it a contractor to cover a short-term skill gap or the supply of specialist consultants delivering critical projects, recruiting resources should be easy.

Contingency Made Easy

We supply contractors and consultants in the following areas:

The Best Talent in Australia

Our consultants are available on a **daily rate, fixed term** or we can **payroll** consultants that you identify.

Why Us?

Find out why Australia's largest organisations and government departments come to us.

The right fit

With 20 years' experience across thousands of projects, we have a network of the best talent in Australia. We deliver the right people, with the right experience quickly and accurately, no matter what specialist skills you need.

Targeted staffing

Unlike the myriad of recruitment companies out there, everyone at easyA is an industry veteran who understands your business needs. This means you'll receive candidates that are targeted to your specific veterans.

Results fast

Our consultants hit the ground running for you. Each consultant is a pre-qualified, experienced industry specialist that we hand select for your specific project. You will get results, and you'll get them fast.

Flexibility and control

You know your project and your business better than anybody. Our consultants are available for a week, a month, a year or more. Giving you complete flexibility and control over the delivery of your project.

Minimise risk

Our consultants embed into your project team providing clearer lines of communication, streamlining stakeholder relationships, and minimising project risk.
